SPRING 2026

CREATE YOUR DREAM HOME

Home is a place for relaxation and joy. With the help of color and shape, you can create a cozy and personal environment based on your preferences.

This year's color palette reflects both timelessness, nostalgia and modernity. Earthy tones such as terracotta, sand and olive green spread calm and warmth, while the retro colors mustard and burnt orange add character and vibrancy.

Whether you are drawn to exclusive simplicity with basic colors combined with dark wood, retro feel with the bold aesthetics of the 70s or colorful eclectic style, it can be created with the help of textile accessories from us.
